

Market and Social Research: Associate Analyst

Edmonton, Alberta; Waterloo, Ontario; Montréal, Québec; Remote & Hybrid
advanis.net/careers

As a research-based consulting firm, Advanis' expertise and innovations have a profound impact on business and public sector affairs. For our private sector clients, our research helps design successful new products; set the right prices; test entirely new products or service ideas; maximize their brand value and positioning; increase their customers' satisfaction; target their most profitable customers; and much more. Our research helps our public sector clients evaluate programs; develop policies; understand social decision-making; and design and optimize the delivery of government services to Canadians. We consult with some of the leading corporations in the world and all levels of government in Canada.

The Role

While working on projects, Associate Analysts work closely with other team members and will have day-to-day activities that involve:

- Assisting in the preparation of survey instruments (questionnaires)
- Performing quality control on computer-based surveys
- Assisting with data collection and survey administration under the direction of the Project Manager
- Responding to survey respondent inquiries
- Analysis of data
- Creating charts and graphs for reports

Experience and Education

The minimum education requirement is a High School diploma. A College diploma or University degree is an asset as is graphic design training and/or experience.

Training

We will provide you with detailed and structured training to acquaint you with our tools and processes, including hands-on training with our proprietary survey, statistical, and reporting software. You will be assigned a senior career mentor with whom you will meet regularly to ensure you reach your personal goals, and a "training buddy" who will guide you through your training and serve as your first point of contact should you have any questions.

Compensation

We offer a competitive remuneration package with a salary range of \$40,000 to \$55,000 for this position. We set salaries based on a combination of your academic background, relevant experience, and demonstrated technical aptitude. You also have an "employee choice" work environment: you choose whether to work from one of our offices (Edmonton, Waterloo, or Montreal) or hybrid.

How To Apply

Advanis has an immediate vacancy for this role.

Our work environment is dynamic and learning-oriented, and we hope we have described your ideal job. If so, please select the **Apply Online** link for this position on our website or click here: surveys.advanis.ca/mrapplication.

Please note that:

- Our online application includes a 3-question case study.
- No artificial intelligence is used to screen, assess, or select applicants.

We sincerely thank all applicants for their interest; however, only some candidates will be contacted for an interview and a case study evaluation.

Statement on Employment Equity and Diversity

We are committed to fostering, cultivating, and preserving a culture of diversity, equity, and inclusion. Our human capital is the most valuable asset we have. The collective sum of the individual differences, life experiences, knowledge, inventiveness, innovation, self-expression, unique capabilities, and talent that our employees invest in their work represents a significant part of not only our culture but also our reputation and the company's achievements. We embrace and encourage our employees' differences in age, color, disability, ethnicity, family or marital status, gender identity or expression, language, national origin, physical and mental ability, political affiliation, race, religion, sexual orientation, socio-economic status, and other characteristics that make our employees unique.

Advanis is an equal-opportunity employer and welcomes applications from people with disabilities. Accommodations are available upon request for candidates taking part in all aspects of the selection process. If you have questions or requests for accommodations, please email hr@advanis.net.

Closing Date: Open until suitable candidates are found
